MULTIPLE CHOICE QUESTIONS

A. Read the following text and choose the most suitable option for 1-8.

I was at London airport. I noticed that the sky was dark and cloudy. It was a cold evening in autumn. The Murdochs were waiting for me at gate number twelve. They had two children: a son and a daughter. I was standing with my electric guitar at the customs. Gerda was holding a notice with the words "Welcome to England" written on it. She was the first to see me. There were lots of people there, and I was glad to see them all. I met them and they all greeted me very kindly with a handshake. Everyone had a smile on their face. Then Mr Murdoch drove us all home. I could see many traditional English houses along the road to Oxford once we left the airport. They looked very nice and comfortable from the outside.

The Murdoch family lived in South West Oxford. It was fantastic because Oxford is home to one of the oldest and most famous universities in the world. It was beginning to rain heavily when we arrived, so I had to take out my umbrella. This is England and sunny Spain was far behind. There was a little garden at the front and a big one at the back of the house. In the front garden, there were flower-pots with various types of flowers. There was also a little path leading to the front door. The back garden was more like a garden. Here the Murdoch family grew several kinds of plants. They grew all their own potatoes, tomatoes and several other vegetables. There were also organic carrots, spinach and lettuce. In a deck chair on a summer day, the back garden was a very good place to sit. The family enjoyed working in the garden as much as they enjoyed eating the vegetables they grew.
