

## TRANSFER OF RECORDS

Students that have obtained the UNEDasiss accreditation for international students, do not need to transfer the record file to start their undergraduate studies in Spanish universities.

Official certificates are available for the universities through the digital UNEDasiss platform without having to pay transfer fees.

At the time of applying for admission to the desired university, they will only have to present the application for accreditation receipt, together with the unofficial document obtained through the UNEDasiss computer application. Both documents are in the Voucher section of the student profile.

If the student likes or needs to present the official certificate of the accreditation UNEDasiss in any institution, you can request the certificate through the UNEDasiss applications, and once you have paid the corresponding fees, you can download it from your profile of that same application.
