A. Read the following text and answer the questions (6 points):

BOLLYWOOD MOVIES

Saritha is watching a Bollywood movie with her boyfriend Chris.

The ‘B’ in Bollywood comes from ‘Bombay’, the old name for Mumbai. They are usually musicals with plenty of dance, romance, action and very often violence. The reason for their popularity is that most people in India are poor and these films provide an escape from the reality of their daily lives.

For the middle class, they are a way to live out fantasies of falling in love and marrying the man or woman of their dreams. When you watch a traditional Bollywood movie, be prepared for a film, usually not shorter than two and a half hours, whose main purpose is to entertain.

This is Chris’ first Bollywood movie. He presses pause and turns to Saritha. “Let me see if I understand this. The ‘hero’ escapes with the girl and they are now singing and dancing together?”
